

## Fellow & Visitor

### Getting in

#### By Plane

Lyon's Saint-Exupéry Airport (LYS) is some 25 km east of Lyon. It hosts some intercontinental flights, and can be easily reached via a European hub.

#### By Train

Lyon has three main train stations serving national and regional destinations: Perrache, Part-Dieu (both are located in the city) and Saint-Exupéry (outside the city and serves the airport).

#### By Bus

International bus services are operated by Eurolines to and from the Perrache train station.

#### By Car

Lyon is a major automotive hub for central and southern France. Depending on your region, highways A6, A7, A43, A47 and A42 all cross through or near Lyon.

#### By public transport within the city

Lyon's public transportation system, known as TCL, is regarded as one of the most efficient in the country. The Croix-Rousse hospital is located on the A subway line (near the stations Croix-Rousse, Henon, or Cuire).

## Come Visit us in Lyon!

Beyond our hospital walls is an exciting and culturally-rich metropolitan area that provides yet another facet to the educational experience at the orthopedic department of Croix-Rousse Hospital. France's second-largest city behind Paris, the sprawling city of Lyon is immersed in a rich historical and cultural tradition. Located at the confluence of the Rhône and Saône rivers, this vibrant city is - and always has been - a unique crossroads of European cultures.

This diversity is reflected in the city's internationally renowned gastronomic cuisine. Lyon is reputed to be France's culinary capital, with its 13 Michelin Starred restaurants and "bouchons" boasting local specialties.

Its rich history also makes a visit to Lyon worthwhile. The city is home to the oldest Roman theater in France, where summer concerts and shows are now organized annually. Old Lyon is a UNESCO World Heritage site, with cobbled streets, medieval towers and cathedrals, Renaissance architecture and "traboules", or secret passages. But don't just take our word for it...

Come visit us in Lyon.

Discover for yourself all the richness that our city has to offer!

# The Fellowship Program

**Dear Fellow, dear Visitor,**

Upon arrival, you will need an ID badge, which will be provided to you upon the completion of some light paperwork.

Our Scientific Secretary will welcome you on the ground floor at the Orthopedic Consultations area (« Consultations Orthopedie »). Her office is on your left in the outpatient clinic. She will provide you with all the necessary information.

## Presentation

Our department is located in Building R (see enclosed map).

The outpatient clinic is on the ground floor, with 4 rooms dedicated to clinical exams and a radiology station for standard x-rays (MRI, CT-scan, etc ... are performed in the Department of Radiology in the basement).

The operating rooms are on the first floor. You will need a special card to use the changing rooms: please wait in front and someone will open it for you. We have 3 ORs, all equipped with cameras, etc. ... Please remember to wear your ID badge when you are in the OR.

During consultation, please wear a white medical coat with your ID badge on it. We ask that you please adhere to the professional medical dress code.

## Meetings

Every Wednesday we hold a scientific meeting (in English) at 4:30 pm (please respect the time) to discuss clinical cases and review post-operative x-rays from the previous week. The meetings are held in our conference room on the 3rd floor, across the hall from our offices.

## Schedule

Surgery begins at 8:00 am (please be on time).  
Clinic begins at approximately 8.00 am.

## Scientific work

Each fellow will be responsible for a scientific study and will be supervised by one of us. Every 6 weeks (usually on a Tuesday afternoon), scientific meetings are held in the conference room on the 3rd floor. You will be informed of the exact dates of these meetings as soon as they are fixed.

*We wish you a most pleasant stay at the orthopedic department of Croix Rousse Hospital.*
